IMPORTANT INFORMATION

August 18, 2016

Dear GSKDirect Customers:

GlaxoSmithKline (GSK) has made the decision to stop supplying Cervarix<sup>®</sup> [Human Papillomavirus Bivalent (Types 16 and 18) Vaccine, Recombinant] in the U.S. due to very low market demand.

The last day to place an order on GSKDirect will be August 29, 2016. GSK's last ship date will be August 31, 2016.

NDC	Description	Size	Last Lot #	Expiration Date
58160-830-52	CERVARIX 0.5 mL single-dose disposable prefilled TIP-LOK syringe	10's	4S34D	11/29/16

There is no need to return your inventory, and GSK kindly asks that you sell through your existing stock.

If you have any questions or need assistance, please contact your GSK Sales Representative or call the Vaccine Service Center at 1-866-475-8222.

Sincerely,

Matthew G. Mazeffa  
Vice President  
Channel Development and Sales
